PROFESSIONAL SUMMARY

B.Sc. Computer Science graduate (2026) trained in Java Full Stack Development. Built web applications using Java, Spring Boot, Hibernate, Node.js, Express.js, and MySQL, including RESTful APIs and database integration. Seeking an entry-level Java Developer or Full Stack Developer role.

INTERNSHIP EXPERIENCE

Full Stack Web Development Intern – Unique Innovibe *June 2026 – October 2026*

- Gained hands-on experience in full-stack web application development, covering both frontend and backend development.
- Worked on building user interfaces and implementing application functionality.
- Gained practical exposure to backend logic, application integration, and database operations.
- Applied problem-solving skills while working on software development tasks.

SKILLS

Languages: Java, JavaScript, Python, SQL
Backend: Spring Boot, Spring Framework, REST APIs, Node.js, Express.js
Frontend: HTML5, CSS3, JavaScript (ES6+), React.js
Databases: MySQL, MongoDB (fundamentals)
Tools: Git, GitHub, Postman, Maven, VS Code
Core Java: OOP, Data Structures, Collections Framework, Exception Handling, Multithreading, Java 8 Stream API

PROJECTS

DocBook – Doctor Appointment Booking System
Tech Stack: HTML5, CSS3, JavaScript, Node.js, Express.js, MySQL

- Developed a full-stack web application that lets patients search for doctors and book appointments online, reducing reliance on manual appointment arrangements.
- Built 8+ RESTful API endpoints using Node.js and Express.js for authentication, doctor management, and appointment booking.
- Designed a MySQL database with 3 core entities: patients, doctors, and appointments.
- Implemented registration and login with 2 user roles: patient and administrator.

Automatic Timetable Generator
Tech Stack: Java, Spring Boot, MySQL, HTML5, CSS3, JavaScript

- Engineered a web-based academic timetable management system to simplify scheduling and reduce manual record handling.
- Created 10+ RESTful API endpoints using Spring Boot to manage teachers, departments, subjects, and timetables.
- Modeled 4 core entities using Spring Data JPA and Hibernate.
- Centralized academic data in MySQL, enabling easy storage, updating, and retrieval of records.

EDUCATION

B.Sc. Computer Science *2023 – 2026*
Saraswathi Narayanan Arts and Science College, Madurai
CGPA: 8.0/10.0

CERTIFICATIONS

- Java Full Stack Development – Unique Innovibe
- Data Analytics Using Python – HP ICT Academy (2025)
- A Complete Guide to Game Design – HP / edX (2025)
- English Typing Certificate
